

K-LOVE provides family friendly entertainment that you never have to worry about the content and the age of the listeners hearing what is said and played. K-LOVE keeps the community up to date on free events that any age of family members can attend to encourage families to do things together which is declining too much in our society. If K-LOVE were to be displaced by an LPFM broadcaster, it may leave our community without a clean family friendly radio station. I have been giving a donation of monthly support to K-LOVE for several years now as does many of my friends. If this radio station was not so important to me and the people in my community then why would I be so willing to give the money to help keep them on the air. There are many people being helped by the services provided by K-LOVE every day. Please do not force them to have to shut down some of the translators they use which will only leave room for the trash radio that there is already enough of.
